WITHIN REACH;
TOTALS GROW

Burelgh County Figures Being
Added to as Campaign Draws
to an End
FARGO BANKS TAKE
\$490,000 OF LOAN
Books will be Kept Open for Pur-
chasers Until Midnight To-
morrow

PASSES THREE BILLION.
Washington, D. C., Oct. 25.—
Liberty loan totals flashed past
the \$3,000,000,000 mark today and
headed for the \$5,000,000,000 maxi-
mum with every indication that,
by continuation of the relentless
campaign, the latter figure would
be realized when the books close
Saturday.

Although unofficial statements
from the 12 federal reserve dis-
tricts do not total the figure, offi-
cials tonight expressed the con-
viction that subscriptions were
past the \$3,500,000,000 mark.

North Dakota's quota of \$7,000,000
will be over-subscribed. It was an-
nounced today. The state is thor-
oughly aroused to the necessity of making
its dollars fight. Subscriptions are
pouring in at the eleventh hour, and
the prospects of the loan reaching at
least five billion dollars seem good.

There are still many, however, who
have not purchased at least one bond.
Two days more remain in which to
assist the liberty loan, as the books
do not close until midnight tomorrow.

Fargo banks boosted Cass county's
showing yesterday by subscribing for
\$490,000 of the bonds in the follow-
ing purchases:

Northern Trust Co., \$30,000; Mer-
chants National bank, \$75,000; First
National bank, \$200,000; N. W. Mutual
Savings & Loan, \$70,000; Northern
Savings bank, \$40,000; Equity Inter-
national bank, \$10,000; Dakota Savings
bank, \$5,000; Fargo National bank,
\$50,000; Scandinavian-American bank,
\$20,000.

Slope counties are responding loyally.
Total returns have not been tabu-
lated, but when the results are known
the Americanism of this section will
be reflected.

Morton county's purchases will ag-
gregate about \$200,000, and of this
amount, Mandan will subscribe about
\$150,000.

Burelgh county's figures are still
growing. Local banks have subscribed
for this issue, having also taken lib-
erally of the first loan. The local
banks will finance many of the indi-
vidual purchases. There have been
no slackers among the Bismarck bank-
ers, all of whom have enlisted in the
federal service to make the loan a
success.

H. P. Goddard has received reports
from the city of Bismarck which total
\$221,300. There are still several
things to be heard from as well as
banks. The grand total for Burelgh
has now reached 266,700 with more
to come amounting at total in excess
of \$200,000.

Points outside of Bismarck report
as follows:
Menoken, \$3,500; McKenzie, \$7,000;
Sterling, \$3,600; Driscoll, \$5,200; Bal-
win, \$6,000; Wilton, \$5,200; Pegan,
\$3,400; Wing, \$5,500; Arena, \$2,500;
Moffit, \$3,150; Stewarddale, \$250.

Grand Forks county will go "over
the top" with more than half a million
in subscriptions.

Wilton's quota of \$15,000 for the
second liberty loan will probably reach
\$10,000 over that amount or \$25,000.
The final drive is being pushed with
energy and the committee is hopeful
that when the last returns are in this
district will have done its bit.

The employees of the Washington Light
Co. company have subscribed \$15,000,
or \$750 over the quota for the district,
practically every man on the payroll
buying a bond, the amounts reaching
as high as \$500. This splendid show-
ing of North Dakota's premier mining
institution is considered marvellous, as
many of the men are of foreign birth,
and their interest was not expected
to be very keen.

Wilton district was divided into sec-
tions, \$8,500 being apportioned for Mc-
Lean and \$6,500 for Burelgh. The
McLean county quota will probably
exceed the apportionment by \$10,000,
and efforts are being made to bring
up Burelgh county's list to the re-
quired amount.

Complete lists of all subscribers are
not yet available but the Tribune will
print the names of those not publish-
ed to date who have purchased a bond.

READY RESPONSE.

Washington, Oct. 25.—The first
day's response to Secretary McAdoo's
offering of an indefinite amount of
short time certificates of indebted-
ness was \$164,737,000. This brings
the total of outstanding certificates to
be retired by receipts from second
liberty loan bonds up to \$1,739,941,000,
or nearly 60 per cent of the loan mini-
mum.

REACH MILLION.

Fargo, N. D., Oct. 25.—The city of
Fargo has over-subscribed its quota of
the second liberty loan bonds by
\$238,250. It was announced today by
the liberty loan committee. With a
net quota of \$650,000 the city sub-
scribed \$1,038,250 to date.

Food Is First and Most
Vital of All Ammunition
Declares Herbert HooverHERBERT C.
HOOVER

By HERBERT HOOVER,
United States Food Administrator.

I wish I could talk personally to every
home in America about Food
Pledge Week. IT IS SUCH A VITAL
THING, and such a simple thing. It
means so much to our success in the
war, and it asks so little of the indi-
vidual.

It means, briefly, that if our 22,000,000
homes will follow the course laid
down in the pledge cards and will
make the few simple changes asked
in our eating habits, our allies will be
fed and their hearts kept high for
victory. It means that if our homes
do not do this, our allies will go hun-
gry and be tempted to discouragement.

While this service is a major ser-
vice from our women, we are not ask-
ing them alone to bear the burden of
conservation. We are asking that the
men support it and that every hotel,
restaurant and factory practice it.

That ounce of meat, that slice of
bread, that third of an ounce of fat,
that ounce of sugar we ask each per-
son to conserve each day, will weigh
heavily in the scales against the
kaiser. Please think of that when you
go into your kitchen to prepare your
meals.

It looks small; it seems trifling. I
know. But so does the acorn. Yet in
a basket of acorns is a mighty forest.
So, also, IN OUR OUNCES OF SAV-
INGS IS THE GERM OF AN ALLIED
VICTORY.

We do not ask you to eat less, mere-
ly to eat differently. We do not ask
that you cut down quantities, merely
that you substitute different vari-
eties.

Wheat, meat, fats and sugar are the
most efficient foods and the most easily
shipped. No one in the world has
them to give but America. They can
be supplied from no place but the in-
dividual savings of our homes.

And they MUST come. This cannot
be too strongly emphasized.

I do not mean, of course, that we
should waste foods other than these.
Every housewife in America has a
personal reason for not doing that.

Elimination of waste in the house-
hold and the use of ALL food products
will aid the administration in its fight
to bring down retail prices. THE
ADMINISTRATION IS LAYING THE
FOUNDATION FOR CHEAPER
FOODSTUFFS. But this can only be
accomplished if we can reduce the
volume of food consumed and wasted,
as well as eliminate speculation
and exorbitant profits.

Please do not understand me as ac-
cusing America's housewives of being
wasteful. The vast majority—about
70 per cent of them—could not live
more closely to the margin of true
economy than they do. That is splen-
did. It is among the remaining 30
per cent that the great waste is
found.

My plea, therefore, is that each of
us take this food conservation pro-
gram seriously. It is my profound
hope that the women of America will
begin that serious consideration by
signing the Food Pledge, during Food
Pledge Week, and that they will then
patriotically and faithfully live up
to it.

For it is not a mere phrase, that of
"Food will win the war."
Food is the first and most vital of
all our ammunition.

Herbert Hoover

LADD STATES
EIGHT CENTS
SUGAR PRICE

Fargo, N. D., Oct. 25. Dr. E. F.
Ladd, North Dakota's food director,
today showed a signed statement in-
forming North Dakota people that
they should pay about eight cents per
pound for sugar under the government
fixed price on that commodity.

"The present price of 10 cents and
11 cents per pound, reported to pre-
vail in some localities, is unwarrant-
ed," Director Ladd said.

proved less speedy than six gas-
fed cylinders.

Jamestown, N. D., Oct. 25.—Jame-
stown college students will tomorrow
canvass the city in the interests of
food conservation. Housewives of
Jamestown will be requested to sign
the Herbert Hoover food pledge and
aid in conserving the war staple foods.
Considerable interest in the work has
already been shown and it is expect-
ed every housewife in Jamestown will
be enlisted in this worthy cause.

MUNITION PLANT
SUFFERS LOSS
OF \$1,600,000

Montreal, Quebec, Oct. 25.—Tremen-
dous explosions today destroyed part
of the plant of the Canadian Explosives
company at Valdeuil. A special
train carrying fire fighting apparatus
has been sent from Montreal.
The detonations continued for an
hour. The sky was lit up as though
by rainbows, with the flames of burn-
ing acids.

The explosions are believed to have
started from fire discovered in a
shell-filling building. A heavy wind
blew the flames straight across the
plant. The company employs about
1,500 men.

The damage done is estimated at
\$1,600,000.

A spark from the electrical machin-
ery is said to have caused the fire.
Two men were slightly injured.

CABINET RESIGNS.
Rome, Oct. 25.—The resignation
of the Italian cabinet is announced
by Premier Bozelli.

Italy's armies have met with a
serious reverse in the Isonzo bat-
tle, losing 30,000 in prisoners and
300 guns to the Austro-Germans in
their concentrated attack, accord-
ing to the German claim.

Admittedly the Italians have
been forced back to their border
along one sector along the north-
ern Isonzo front from Monte Ma-
giore to the west of Auzze, com-
pelling the evacuation of the Bal-
sizza plateau. Thus, General Ca-
dorna has, through a single stroke,
lost much of the fruits of his long
months of campaigning against
the Austrians.

(By Associated Press.)
From the heights of the Aisne the
German crown prince is being driven
back relentlessly toward the fortress
of Laon, and perhaps to a general re-
treat along a line from St. Quentin to
the Champagne. His strongholds
wrenched from him 12,200 of his
troops, prisoners, many thousands
slain and wounded, and 120 big guns
lost, the predicament of the crown
prince is most serious.

Opens Way.
General Petain's great smash of
Tuesday opened the way for further
advances and Thursday, under French
pressure, the Germans were forced
back to the Oise-Aisne canal, evacu-
ating valuable positions in their re-
treat. More than 2,000 additional pris-
oners and many big guns fell into
French hands.

Laon, the fortress at the southern
end of the Meuse line, is now but
eight miles from the French lines, and
Petain's big guns can smash it at
will. East of Chavignon, the center
of the French advance, stretches the
Ailette river on the southern bank,
where the Germans have been fighting
desperately to hold back the French
for several months. From the newly
captured positions the French can
sweep the German defenses with tor-
rents of artillery fire.

Weakens the Line.
Every foot gained by General Petain
weakens the line northward to St.
Quentin. The French already are on
three sides of the village of La Fere,
and St. Quentin has all but fallen into
allied hands several times since the
German retreat of last spring. A re-
tirement from St. Quentin and La Fere
to a line running north from Laon
would endanger the entire German
positions on the western front as far
north as Ypres.

Two Important Salients.
Probably the two most important
salients on the western front from
the sea to Verdun are those east of
Ypres and southwest of Laon. Field
Marshal Haig is hammering at the
one, and General Petain is smashing
through the other. A German re-
tirement all along the line might result
in surprising eventualities, and here
are reports from Germany that such
action is not without the realm of
possibility.

Italy's armies are fighting the
massed attack of the Austro-Germans
along the Isonzo-Gorizia frontier. Gen-
eral Cadorna has checked the Teutons
at the southern end of the line. The
fighting on this line is all on Austrian
territory, and the terrain is very diffi-
cult, but General Cadorna has proved
himself a master of mountainous war-
fare.

COAL PROFITEERS
TO BE PUNISHED

Washington, Oct. 25.—Charges have
been received by the department of
justice from persons in various sec-
tions that retail and wholesale coal
dealers are violating the law, charg-
ing more for coal than figures set by
the fuel administration.

An investigation has been ordered,
and violators will be prosecuted where
the law was violated.

TO PROBE SHORTAGE.

Fargo, N. D., Oct. 25.—Incident
with the announcement that G. O.
Russell, federal trade representative,
would come to North Dakota to in-
vestigate the coal situation at the
request of L. P. Baker, state fuel ad-
ministrator, Robert M. Blakemore, dis-
trict fuel administrator, announced he
would ask an investigation of the car-
distribution problem. Hundreds of
empty boxcars are on sidings in North
Dakota, while families are without
coal, he declared.

War Bulletin

Berlin, Oct. 25.—The Austro-
Germans in their offensive on the
Isonzo front have captured more
than 30,000 Italians, the German
war office announced today. More
than 300 guns, also, were taken.

Rome, Oct. 25.—Under the Aus-
tro-German pressure on the Ison-
zo front the Italians have with-
drawn their lines to the border
in one sector, and are preparing
for the evacuation of the Bains-
za plateau, the war office an-
nounced today.

Petrograd, Oct. 25.—The Rus-
sian troops on the northern end
of the front, following the Ger-
mans in their withdrawal in that
sector, have advanced as far as
the Riga-Grel railway without dis-
covering the enemy, the war of-
fice reports.

London, Oct. 25.—The French
and British troops are attacking
today in the Ypres region, the
war office announces.

The French and British are
making satisfactory progress in
their new attack.

British Front in Belgium, Oct.
25.—Field Marshal Haig's forces
this morning made two attacks
on the German positions north and
east of Ypres. The first was from
a point near Saint Janshoek west-
ard, through the southern fringe
of the Heutlost ridge, to the re-
gion of Nieuwemolen. The other
assault was on both sides of the
Ypres-Menin highway along the
Gheuleval ridge, in the direction
of the town of that name.

London, Oct. 25.—Shortly before
7 o'clock this morning, British
forces which began an offensive
on the Ypres front were seen en-
tering German pillboxes upon
Bellevue spur and shortly after-
wards signals showed that the
British had carried Poelderohek
Chateau, which had been strongly
fortified by the Germans, tele-
graphs the correspondent of Reu-

ters in Belgium.

AMERICAN LABOR
REFUSES TO TAKE
PART IN CONFAB

Washington, D. C., Oct. 26.—The ex-
ecutive council of the American Fed-
eration of Labor has declined to par-
ticipate in an annual conference of
workmen and socialists of all coun-
tries suggested by the executive com-
mittee of the Russian soldiers and
workmen's council, declaring that to
hold such a conference at this time
would be untimely, inappropriate and
conducive of no good results.

DESERTION CHARGE
AT FT. SNELLING

Ft. Snelling, Minn., Oct. 26.—Court
martial trial of several men held at
Ft. Snelling on the charge of desertion
will be held later today. Many of
the men held under the charge were re-
turned to the fort more than a month
ago. Charles Miles, private, died to-
day at the post hospital from pneu-
monia. His body will be shipped to
Evansville, Indiana, to his sister, at
Reynolds relative.

TO ANNOUNCE CLASSES.

Washington, Oct. 25.—Provost Mar-
shal General Crowder was expected to
present soon, possibly today, to Presi-
dent Wilson for approval a tentative
outline of the arrangement to be used
in dividing the nation's drafted men
into five groups for liability for mili-
tary service. The completed regula-
tions probably will not be announced
for several weeks.

LAON IN SIGHT
OF FRENCH ARMY;
TEUTONS ROUTED

Army of the Crown Prince is
Broken and Split into Rem-
nants

THOUSANDS OF GERMAN
PRISONERS ARE TAKEN

In Haste to Retreat Enemy Leaves
Large Supplies of Munitions
Behind

(By Associated Press.)
With the French Armies in France,
Oct. 26.—Thursday the French had
reached the canal and Laon, eight
miles away, is in sight. Following up
the victory of Tuesday, the French to-
day took Monkey Mountain, the vil-
lage of Pinnon, the forest of the same
name, as well as the village of Pargny,
Flandre.

Certain demoralization in the Ger-
man command is shown by contra-
dictory orders found on prisoners. The
question is asked whether another re-
treat is intended.

Crossing the battlefield near Vau-
rains and Saint Guilain farms, the
correspondent obtained ample evi-
dence of the extent of the splendid
French victory. Hundreds of pris-
oners were marching to the rear with-
out escort. Mounted German machine
guns lay everywhere, while scattered
around were heaps of ammunition,
cannon and immense quantities of
military material.

Many Captured Germans.
Many Germans were captured in the
enormous cavern of Fruity. The ap-
proaches were battered severely and
large holes had been torn in the roof,
demonstrating the power and accu-
racy of the French artillery. Not an
inch of ground here about had been
left unchanged. The cavern has gal-
eries about one kilometer in length,
with many exits, most of which had
been damaged greatly by the French
guns.

When the French infantry dashed
forward in the darkness, they ap-
proached the entrance warily and
for the moment full of Germans waiting
for the moment of attack. Hand grena-
des and smoke bombs soon brought
them out with their hands raised.

Tanks Are Used.
Meanwhile, the tanks had advanced
with the infantrymen until the second
German position was reached, destroy-
ing on the way many nests of ma-
chine guns opposing the progress of
the French troops. One tank was op-
posed by a determined German officer
with a large body of men, who poured
bullets upon the armored sides of the
machine. Finally the French officer
in command descended from the tank
and with his revolver forced the whole
group to surrender.

Another tank found a battery of
field guns facing it. As soon as the
tank opened fire half of the artillery-
men threw up their hands, while the
remainder looted, only to fall beneath
a hail of machine gun bullets.

Proceeds Rapidly.
Today the French advance proceed-
ed rapidly, and the units reached the
various objectives with regularity.
After taking the village of Pinnon the
patrols entered the forests of the same
name. The found many German can-
non abandoned, but with the breech-
blocks gone. Dead horses, killed by
the German gunners, lay beside the
cannon. The Germans had found it
impossible to get the weapons away
over the marshes adjoining the Aisne
canal, over which most of the bridges
had been destroyed, making a retreat
of artillery impracticable.

Left Munitions Behind.
Hundreds of machine guns were
captured by the French and many of
them were turned on the fleeing Ger-
mans, who had left plenty of ammu-
nition behind. It is reported that a
battered and fifty cannon have fallen
into French hands, but the number is
unofficial, owing to the condition of
the battlefield and its width.

The same uncertainty applies to the
number of prisoners, hundreds of Ger-
mans being encountered on all parts
of the field, marching wearily back to
the French lines. The sight of the
columns of the Cathedral of Laon, the
horizon, a few miles away, spurred
the French soldiers to a wonderful
burst of endurance and swiftness.
The Germans, leaving parties behind to
clear out cellars and caverns, which
gorged hundreds of demoralized pris-
oners, who seemed astonished at the
vagaries of their defeat.

Casualties Low.
With all this severe fighting on a
battlefield where the Germans held
strong positions, and where they ac-
cepted the challenge of the French
army to a standup combat, the French
casualties were remarkably low.

The French troops of all branches
are jubilant over the victory. The
artillery, infantry and airman praised
each other's work. One patrol de-
clared that the fighting had turned in-
stead to a war of movement. Where
the Germans will make a stand cannot yet
be foreseen. What is known now is
the line of their retreat is over a dif-
ficult and hilly terrain, where the
movement of guns is possible only
with great precaution.

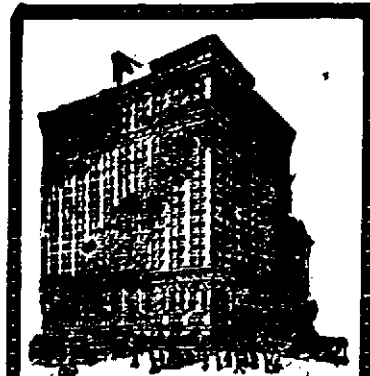

The correspondent spoke to several
prisoners, none of whom quite re-
sponded to the question of the

STATE WINS OUT IN ONE OF SNUFF CASES APPEALED

Weyman-Burton Co., Which Had
Appealed to U. S. Supreme Court

Withdraws Action

One of North Dakota's famous
"snuff" cases, won in the supreme
court of this state by former Attorney
General Linde and appealed by the
defendant, C. J. Olson, representing the
Weyman-Burton Co., to the su-
preme court of the United States, has
been withdrawn, according to a notice
received here today.

The state brought action to restrain
the sale of the Weyman-Burton Co.'s
"Right Cut" on the contention that it
was not honest-to-goodness fine cut
chewin', as advertised, but Old Man
Snuff in disguise. The supreme court
found that the state had a right to
prohibit the sale of snuff, and that
"Right Cut" might come under the
general snuff category. The Weyman-
Burton Co. then appealed to the na-
tion's highest tribunal, from which it
now has withdrawn this action.

There is pending in the United
States supreme court, however, an-
other "snuff" case involving "Right
Cut," in which the Weyman-Burton
Co. has obtained an injunction re-
straining Dr. E. F. Ladd, of the at-
torney general or anyone else concerned from
saying uncomplimentary things of its
product until the high bench passes on
the question of whether "Right Cut"
is chewing tobacco or snuffing to-
bacco.

The city commission met in regular
session. There was present Commis-
sioners Bertsch, Best, Kirk and Presi-

sion. No one appearing to protest
against the assessment for sidewalks

lots 18 to 24 both inclusive in Block
17 Williams Survey in the city of Bis-
marck, the same was approved by the
commission. The city commissioners
acting for the city of Bismarck ac-
cepted a strip of land twenty feet wide

dered constructed on the north side of

of Bismarck, North Dakota. Commis-
sioner Best made a verbal report
concerning devices for the cleaning
of sewers. He was given authority to
go ahead and have some of these
cleaners made and to try them out.
The report of the chief of police for
the month of September, 1917, was

FRETFUL BABIES NEED A LAXATIVE

When your baby is cross and fretful
and that little laxative is all that is nec-
essary to make it comfortable and happy.
Inactive bowels are the cause of as
much discomfort to children as to older
people, and unless the condition is
promptly relieved is very apt to develop
serious illness.

For children there is nothing that
will act more easily than the combina-
tion of simple laxative herbs with pep-
sin that is sold in drug stores under the
name of Dr. Caldwell's Syrup Pepsin.
It does not grip and is free from op-
iate or narcotic drugs, is pleasant to
the taste, and positively effective; chil-
dren like it and take it readily.

If you have never tried this simple,
inexpensive remedy, get a bottle of
Dr. Caldwell's Syrup Pepsin from your
druggist and have it in the house to use
the next time any of the children seem
out of sorts. A trial bottle can be ob-
tained, free of charge, by writing to
Dr. W. B. Caldwell, 456 Washington
St., Monticello, Illinois.

INDIANA'S SUFFRAGE LAW HELD TO BE UNCONSTITUTIONAL SIMILAR TO ONE PASSED BY NORTH DAKOTA

LAW UNCONSTITUTIONAL.

Indianapolis, Ind., Oct. 25.—The
Indiana women's suffrage law was
held to be unconstitutional today
by the Indiana supreme court. As
a result, thousands of women who
expected to vote at the November
municipal elections, will not be
permitted to do so.

Associated Press dispatches today
stating that Indiana's women's su-
ffrage law is unconstitutional is con-
strued by many to mean that North
Dakota's equal franchise act is in the
same boat. Indiana's constitution,
while similar on this point to the or-
ganic law of North Dakota, is not
nearly as explicit in stating that the
suffrage laws cannot be extended or
restricted without a vote of the peo-
ple.

Expect to Vote.

The last legislature provided for
votes for women through a statutory
enactment covering all offices, except
those named in the constitution. With
the prospect of city elections coming
soon, many women in the state were
looking forward to exercising the
franchise under this law.

It seems certain that the law will
be tested in North Dakota as it was
in Indiana.

The North Dakota supreme court
has held that any election mentioned
in section 121 of the constitution
means all elections.

Section 122 of the constitution pro-

hibiting the restriction or extension
of the franchise without an election
has also been construed upon by the
supreme court in the case of the state
versus Denoyer, where an attempt

UNUSUAL MIGRATION OF BISMARCKERS UNDER WAY

An unusual migration of Bismarckers to the sunny borders of California has begun. Henry Tuley and family led the way when they made the journey from Bismarck to Los Angeles in eight days, via Cadillac. Yesterday Dr. A. L. Schutt and two sons left by car for the same point. Mrs. Schutt making the journey by train, and E. B. Woodward, Lyman Harris of Menoken and Frank Harris of Bismarck will leave via automobiles before Nov. 1.

George Doan of Britton, in the city yesterday, announced that he is planning to leave in the near future for the Sunshine state, where his family will make its home. A number of Bismarck people have bought 10 and 15-acre tracts near Sacramento and Los Angeles for winter homes.

SPRINGFIELD THAT WENT THROUGH WAR OF '98 STILL GOOD

I have an old Springfield that I carried through the Spanish-American war and a bayonet and a box of shells. This weapon doesn't shoot very far, but it shoots awfully strong. Both ways. Would this be all the gun I need? writes a candidate for member of ship in the Idemard home guard.

A meeting of the guard will be held at the Commercial club at 8 o'clock this evening. The hour is from 7 to 8. Captain E. J. Wagner urges that every member report promptly at 7 in order that the work may not be delayed. A very interesting report will be made by the commander. The ranks are fast filling, and the full quota will be reached soon.

TOWNLEY PULLS DOWN \$300 FROM LEAGUE FUND

(Continued from Page One)

Manahan filed an objection to Mr. Townley's request for the name of the treasurer or financial agent of the league. Townley attempted to answer and Manahan objected, stating the creditors had no interest in the objection.

"I intend to investigate thoroughly Mr. Townley's connection with the organization to determine his financial gains. I also claim the right to investigate the league, if necessary, to verify or refute Mr. Townley's statement." The court overruled all objections. Townley, Thomas Keyes of St. Paul is acting treasurer in charge of the books of the national organization.

Manahan objected to Townley's naming the treasurer for the North Dakota organization. Overruled.

Townley: "Mr. Keyes is also the treasurer for each state organization and has all the books."

"I receive no other money except my salary and expenses, and I have not since the original organization of the league. Members of the national committee are in complete charge of the disbursement of funds."

Manahan's and Lemke's objection to stating names of executive committee overruled by Referee O'Hare, who stated: "The bankrupt has to answer every question or to refuse at his peril."

President Townley then asked his attorneys whether he would be justified in divulging matters concerning the politics of the organization.

"No," said Manahan. "The court has no right to compel you to answer questions concerning the scope and political activities of the organization."

Lemke joined in this objection, and Murphy disclaimed political interests in the league. Over Manahan's objections, President Townley advised that William Lemke of Fargo and H. B. Wood of Deering, with himself, composed the National Nonpartisan league executive committee, and that they served in the same capacity with the North Dakota organization and had since its origin.

Townley: "The league books are in charge of the committee, both as to the national and state organizations."

Ignoring Manahan's objection to stating the amount of money paid the Nonpartisan Leader by the league Townley said:

"It is commonly known that the leader gets his subscription price—\$2.50. This is the agreement with members."

Doesn't Recall Evidence.

A question as to the approximate amount of money collected by the league was objected to.

"That is obviously a political question," said Manahan. "The amount of money collected has nothing to do with the life to it. I advise Mr. Townley as a trustee of this organization to protect its interests by not answering. The accounting is between Mr. Townley and the league."

"Yes, and there will be an account-

Girls! Try This on Your Hands! Make a Lemon Beauty Cream

Juice of lemons clears, softens and whitens the skin. Prepare a wonderful complexion lotion for a few cents!

It takes that every girl and woman who is making lemon lotion, says a well-known dermatologist, and the reason is because at the cost of a small jar of ordinary cold cream they can prepare a full quart of a pure cream of lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman has known for years that lemon juice is used to bleach and remove such blemishes as freckles, sallowness, and tan, and is the ideal skin softener, smoothen and beautifier.

Try it, girls! Get three ounces of orchard white at any pharmacy or toilet counter and two lemons from the grocer and make up a quart of this fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the roses and beauty of any skin. It is marvelous to smoothen rough, red hands.

WINTER—THE HOME SEASON.

Summer's the time for wanderlust and winter's the time for home.

With the first cool, rainy days of September vacationists feel a longing interest in the lure of the gypsy trail and turn their steps away from mountain and forest and seaside to the fire-side joys.

Mother Nature, herself gave them the hint by drawing about her leaves, ties the first sleepy veils of haze, by carpeting the woods with thick fells

WEBB BROTHERS

SOCIETY

Grand Forks Nurse to Head State Association; Next Meeting in Fargo

Miss Lena Gintner, superintendent of nurses at St. Michael's hospital, Grand Forks, was unanimously elected president of the North Dakota Registered Nurses' association at its first annual convention here Thursday. Miss Gintner was formerly vice president and in the absence of the president, Miss Schriepfer, presided at the sessions. The other officers are: Vice president, Mrs. Anna Simonitsch, Valley City; secretary, Mrs. Jean F. Brown, of Fargo (re-elected); board members, Miss Rose Clark, Fargo; Miss Mary B. McPake, Bismarck; Miss Ludvika Slettebak, Fargo; and Miss Rose Schaub, LaMoure. Fargo was the place selected for the next annual meeting. The following resolutions were adopted by the association:

Resolutions.
We your committee on resolutions, beg leave to submit the following:

Be It Resolved, That we, the members of the N. D. S. R. N. association, extend our heartfelt thanks to the Commercial club of the city of Bismarck for their cordial welcome extended to us by Mr. B. C. Marks; to Dr. F. R. Smyth, who gave such an instructive and interesting address in behalf of the medical societies, we extend our sincere gratitude. Words are inadequate to express our appreciation of Dr. L. A. Schriepfer's excellent instruction on the diseases of the eye, ear, nose and throat and preventative measures. To Mrs. J. E. Stevens of the N. D. State Anti-Tuberculosis association we are deeply grateful for her paper on tuberculosis.

Be It Resolved, That the heartfelt thanks of the sisters from out of town hospitals and the nurses of the association be extended to Mother Boniface and the sisters of St. Alexis hospital for their generous hospitality and delightful tea, as well as the privilege of being shown through a hospital which is a credit to the northwest. To those who so kindly contributed their autos to the pleasure of a ride around the Capital City, which was so enjoyed, we are sincerely grateful.

To Miss McPake and student nurses of St. Alexis hospital, who gave us the pleasure of a delightful reception and program, we are most grateful.

The association also extends to Mrs. Andrew Blewitt a rising vote of thanks for her kindly interest in our organization. It was due to her supervision that we were able to conduct a successful meeting. We consider it a special favor to have with us the most

capable and widely known parliamentarian throughout the northwest.

We wish to thank the press for their courtesy and also for the valuable space and splendid report of our meeting.

Dr. R. E. Weible's masterly paper on "Modern War Surgery" was the crowning event of the day. To him as well as to Mrs. Weible whose letters carried with them a tone of appreciation of the nurses' work in war, we are much indebted.

Dr. F. B. Strauss was asked to speak on prophylaxis in communicable diseases, but the nurses decided that congenial gentlemen would not need the use of such remedies, as his very presence sufficed for prophylaxis.

To our officers, to whom we owe a heavy debt of gratitude for the work they have done, and to the heads of our hospitals, who by their presence and untiring efforts have done so much to encourage the good work of the association.

Full care was thrown to the winds and the nurses who see so much of pain and suffering forgot their profession long enough to enjoy the many entertainment features arranged by Miss McPake and her local assistants.

The banquet last evening was a brilliant success. Two long tables were used to seat the guests in the McKenzies dining room where covers were laid for 40. Miss McGowan presided and featured her preliminary talk with a tribute to the nurses and to the organization. She then introduced the new president, Miss Gintner, who responded by reading an original poem on the trials of a nurse, Miss Brown, the secretary also responded by reading an original poem on germs. Other short talks were given by Miss Krott, of England, who is spending some time in Fargo; Miss Farley of Wabpeton; Miss Curry of Moorhead; Miss Slettebak of Fargo; Miss Clark, Fargo; Miss Schaub, LaMoure; Miss Gallagher, Fargo; Miss Brady of Bismarck and Miss Layless, the latter representing The Bismarck Tribune.

Following the banquet the nurses were entertained at a dancing party in Patterson hall. This was one of the most successful affairs of the many entertainments planned. A number of the capital city younger dancing set was asked to meet the nurses at this time. The hours were from 8 o'clock to 12 and O'Connor's orchestra furnished the music. The nurses returned to their respective homes today.

JAMESTOWN COLLEGE BOYS READY, DECLARES COACH RED ERICKSON

Valley of the Jim Hopes to Clean
up on Fargo Outfit Tomorrow
Afternoon

Jamestown, N. D., Oct. 25.—After sending his men through a light workout yesterday afternoon Coach Red Erickson announced the Jamestown college football team will play the Fargo team tomorrow with Fargo college on Allen field.

The boys are in the best of condition and will give a good account of themselves, said the college football mentor.

Fargo college will come to Jamestown tomorrow with a remarkable reputation as to their gridiron prowess, but despite this fact Jamestown is not discouraged and expects to put up a game battle. Their win over Ellendale Tuesday afternoon gave them more spirit than has been exhibited thus far this season. A large crowd is expected to attend the game.

U. S. SUPREME COURT TO TAKE EARLY ACTION IN IMPORTANT CASE

Inheritance Tax Appeal From
North Dakota Bench Advanced
on Calendar

An early decision from the United States supreme court vitally affecting the inheritance tax statutes of North Dakota and many other states may be anticipated in the case of Moody versus Hagen, a Fargo action involving the right of a state to assess an heir residing in a foreign country with whom America maintains treaty relations a higher percentage of tax than is charged an alien heir residing in America, but in some state other than that in which the legacy was created.

Chief Justice Andrew A. Bruce today received advice from Washington that on stipulation this case, appealed from a decision of the North Dakota high court, has been advanced on the calendar of the United States supreme court. The action involves an estate of more than \$100,000 left by a well-known Fargo jeweler. His heirs included a sister in Scandinavia and other relatives residing in America, but outside of North Dakota. The North Dakota inheritance tax statute, in common with many others, provides that inheritance of alien heirs may be assessed a tax of 25 per cent, while the inheritance tax on legacies left American heirs is but one per cent. This feature of the act was attacked in supreme court on the grounds that America's treaty with Norway made such discrimination unconstitutional, and that the statute was further unsound because of its discrimination between an alien residing in America but without the state and an alien residing in a foreign country.

The North Dakota supreme court held that the statute did not unjustly discriminate; that it violated no treaty provisions with Norway or other foreign countries, and that it was valid and constitutional. Representatives of the foreign heir, a sister of Hagen, then appealed to the United States supreme court.

COUPLE TOSSED BABE FROM FAST TRAIN; TO PEN

Inhuman Parents Who Made Way
with Child who Inherited Dis-
ease are Sentenced

Plentywood, Mont., Oct. 24.—Plead-
ing guilty to second degree manslaugh-
ter, Frank Pierson and his wife, Stella,
who threw their two-month-old baby
from a Great Northern train near
Snowden two months ago, were sen-
tenced to 16 to 20 years and from
one to two years, respectively, in the
Montana state prison. The Piersons
were on their way from Glasgow to
the home of her parents at Rugby,
N. D. The mother had attempted to
dispose of the babe, which was suf-
fering from an inherited disease, be-
fore she left Glasgow. When this be-
came impossible, she took the baby

GERMAN PROFESSOR URGES TEUTONS TO STAND BY AMERICA

Dr. A. E. Koenig of University of
Minnesota Gives Good Pa-
triotic Talk

Jamestown, N. D., Oct. 25.—Laud-
ing true Americanism and urging per-
sons with German sympathies to get
back of the government and "do their
bit" in the fight for democracy, Prof.
A. E. Koenig, of the University of
Minnesota, delivered an inspiring ad-
dress to a large audience at the armory
here.

"True Americanism is what is needed
to win this war," said Prof. Koenig.
"The German born American is just as
good a citizen, and just as loyal, as a
citizen born in the United States. It
is for one cause and we must all do
our share."

FARMER FOREMOST AMONG PROFITEERS, ASSERTS KENISTON

Secretary of Bismarck Commercial
Club Arouses Carson with
Patriotic Appeal

Carson, N. D. Oct. 25.—"Every farm-
er is enjoying war profits just ex-
actly as much as the munition maker,
while only a few of them pay a war
profit tax," Secretary G. N. Keniston
of the Bismarck Commercial club in-
formed his farmer audience in a lib-
erty loan address here. "What a
splendid thing for the credit of every
farmer in the Dakotas if every dollar
over one dollar for wheat, six cents
for pork, eight cents for beef, thirty
cents for oats, and forty cents for
corn were invested in liberty bonds!"
Stop and consider the financial stand-
ing this investment would give you!
A more patriotic act could not be per-
formed, nor could the farmer do any-
thing which would show better busi-
ness judgment. A liberty bond is a
good piece of property for the wage-
earner, the merchant, the farmer or
the banker. It is good property for
every American citizen who has a
single drop of good, red American
blood flowing in his veins."

At 2 o'clock in the afternoon when
Secretary Keniston made his address
Carson was \$1,500 short on its liberty
loan quota. His remarks were re-
ceived with real enthusiasm, and sev-
en hours later Secretary Keniston
was able to announce at the Carson
theatre that the quota had been reached
and passed, and that the liberty
loan crews were still going strong.

FLY-POISON LOOKED GOOD TO YOUNGSTER; HE BEATS RIVALS TO FEED

After Tot Has Eaten Sponges and
Washed 'Em Down with Liquid,
He Loses All

Northwood, N. D., Oct. 26.—A fly-
poisoner of such attractive design
that a two-year-old child could not re-
sist its blandishments almost claimed
a human victim when a youngster in
the home of Mr. and Mrs. Knute Gas-
tion climbed upon a chair, salvaged
the fly-killer and proceeded to drain
the liquid from it, winding up his re-
past by eating the sponges, three of
which he had consumed when his
mother discovered him beginning on
the fourth. An emetic promptly ad-
ministered recovered the sponges, and
after a couple of days on the verge
of death the youngster is conva-
lescing.

and will reduce the number of deliveries for each customer
to one per day, or not to exceed two deliveries per day.
There positively is no reason why the housewife cannot
make up her order either the day ahead, or the first thing
in the morning for all the days purchases. In justice to all,
one delivery per day should be enough for any customer,
and those who demand more should see the justice of paying
the cost of the additional delivery. It has been found by
careful accounting that the cost of delivery to the average
merchant is from \$3.00 to \$3.50 per annum, and with a
reduction or elimination of this terrible expense, the cus-
tomer will surely reap the benefit.

Help to reduce the high cost of living—aid our Govern-
ment every way possible. Our going on a cash basis will
aid you, will aid us, and above all will aid our Boys in the
Trenches.

The old method of doing business positively must be dis-
carded during this period when we must all economize, and
when our government urgently requests us to pledge our-
selves to economize in all things possible, and specifically
recommends that all food products be sold in large quantities
and for cash.
